La Residenza Le 2 Torri NEW OPENING SPRING 2010!!

The brand new and distinguished "The Two Towers Residence (the "**Residenza Le 2 Torri**" and the "Residence Segattini" are Nearby in the same propriety)" is located on a sunny plain in Riva del Garda, about 2.5 Km from the lake in the center of an agriturismo zone where greenery, sunshine, tranquility and relaxation rule the landscape.

Its unmistakable style sets it apart from the more modern residences that have sprung up in recent years. The two towers take us back in time, immersing guests into countryside simplicity, yet with an air of refinement - terracotta floors and vases, wrought-iron beds, and an overall sense of ancient traditions never to be forgotten.

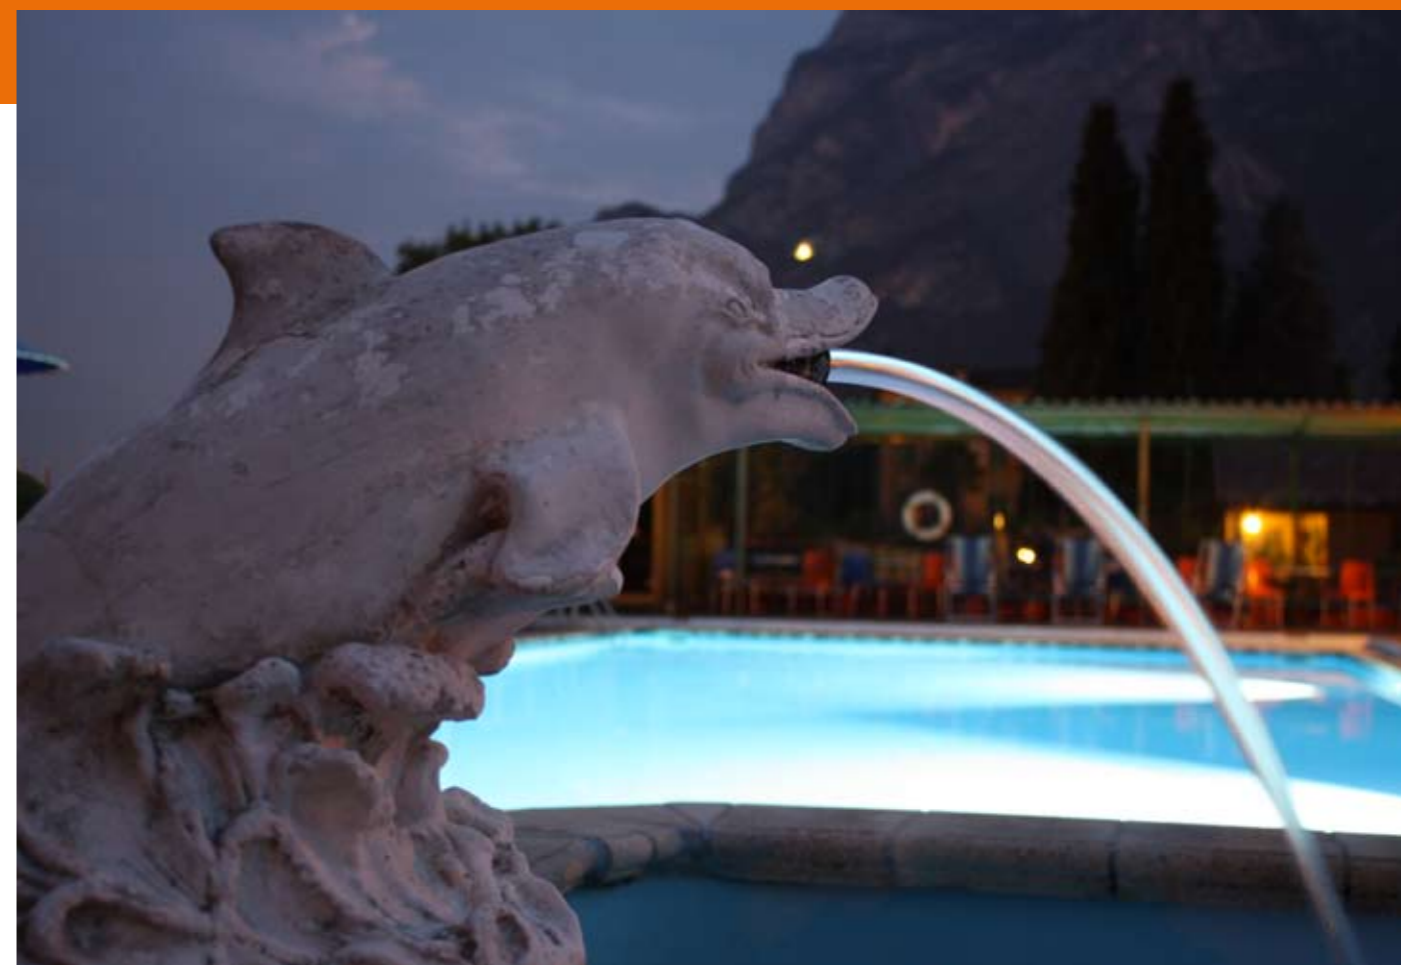

All major conveniences can be found nearby - supermarkets, banks, post office and restaurants.

Family

The Segattini family extends its welcome to all other families! The new **Residenza Le 2 Torri** provides a warm and cosy atmosphere where families will feel specially at home. The **apartments** (two or three rooms) sleep from 2 to 6 people, and have been carefully studied to provide guests a spacious and comfortable vacation. Each apartment is equipped with a fully-functional kitchen, including a refrigerator, a microwave oven and an electric hob. Personal spaces have been enhanced by **dividing each unit into two separate sleeping areas** (one of which can easily be converted into a day-zone), each with independent access to the balcony/kitchen/bathroom. This is ideal for families with children, so that occupants from one room will not disturb the sleep of others. The 5-6 person apartments include a large loft area that serves as the night zone for the 5th and 6th occupants. Each unit includes a sheltered area or terrace where even if the weather is not so good, you can still enjoy outdoor living. Gratis Baby beds, Wash machine, baby chair. Large **garden** area with a **playground and attractive kids' swimming pool**, a perfect place for your children to play happily surrounded by green but which also allows parents to enjoy pool and sun while keeping an eye on their young ones. In addition the "Residenza Le 2 Torri" also offers ping-pong facilities, tennis courts and a large green place court which can also be used for football, providing ample amusement even to older children.
